

Pine Tree Hospice Volunteer Bulletin

June 2022

Coordinator Message

Spring 2022 Volunteer Training is underway with six potential volunteers from the following towns: Greenville, Monson, Parkman, Dexter, Garland, and Hermon! We are grateful for the support of the Education Committee and many indirect volunteers who are serving as presenters, hosts, and more.

If you are an active volunteer and would like some continuing education hours, please contact me if you wish to receive a recorded link to watch.

Shout out to Alice Bunn, Roe O'Toole, Sue Burgess, and Esther Ireland whose efforts encouraged individuals to sign up for our spring training class!

MARK YOUR CALENDARS!!!!

June 24 to July 2

Greenville becomes PURPLEVILLE!

During Alzheimer's and Brain Awareness Month the town of Greenville temporarily transforms into PURPLEVILLE. This awareness and fundraising event brings together residents, businesses, and visitors alike. With a motorcycle ride, a walk, silent auction, proceeds from dining and shopping donated, concerts and more there is something for everyone to take part in. The planning committees goal is to raise \$26,000 and will be donated to Pine Tree Hospice and the Jackson Laboratory's Alzheimer's Research Center.

The natural beauty and offerings of Piscataquis County and the Moosehead Lake region are the perfect place to make memories. Purpleville is a commitment to saving the memories we all make here.

Continuing Education Opportunity

Understanding the Impacts of Trauma
June 8 & 10, 2022

This is a core training for Community Caring Collaborative partners held in 2 Zoom sessions from 9 am to 11 am on Wednesday, June 8th and Friday, June 10th. Presented by Julie Redding, LCPC, this training covers the definition of trauma; differentiating between toxic stress, trauma and ACEs; exploring personal beliefs about trauma and mental health; understanding how trauma and stress affect the body and brain; and understanding factors that mitigate effects of trauma.

Participants who attend both sessions are eligible for .4 CEUs offered by UMM and a certificate for 4 contact hours provided by the CCC. Register for Part 1. Participants only need to register for session 1. The Zoom link to join session 2 will be provided during the training on June 8th.

For more information about the CCC, visit <https://www.cccmaine.org/>
