KUDOS!

We recently received a call from two of our hospice clients who happen to live in the same home. They did not call to ask for anything—but rather to tell me that “We just **LOVE** our hospice volunteers!” That’s right, they both bragged about how their volunteers “go way beyond” and that “they make our lives as perfect as they can be.” They added, “You can be proud of them.” And we are proud of them and of all our volunteers! **GREAT JOB!!**
